

JUSTIN ANCHETA BAND

The Justin Ancheta Band is a positively-charged, high-energy band from San Francisco. They bring together exotic world sounds with some heavy doses of funk and reggae. Lacing socially-conscious lyrics with horn, violin and guitar melodies over a steady foundation of drums, percussion, and bass, the band creates a dance party for everyone to enjoy. Locally, they play venues such as the Independent, Slim's, Yoshi's, and the Great American Music Hall, while their tour schedule has taken them from Barcelona to Hawaii. After more than a decade of shows and touring, they have shared the stage with The Wailers, Joan Baez, Creedence Clearwater Survival, Charles Neville and many more musical luminaries.

The Justin Ancheta Band's music is an invitation to dance, but the music is also complex and intelligent and leaves a sweet aftertaste in the heart and soul.
